SUMMARY

I'm Ramkumar M, a passionate Web Developer currently working as a **freelancer**, dedicated to transforming ideas into interactive, user-friendly, and visually engaging websites. I focus on creating modern web solutions that combine functionality, creativity, and a seamless user experience.

PROJECTS

MEI Lunch :
- Built a full-stack **MEI Lunch Management System** using React.js, Node.js, Python, and MySQL.
- Implemented secure authentication, registration, and automated email/SMS notifications.
- Integrated **LLM** and REST APIs for personalized messaging and efficient data management.

COLLEGE TRANSPORT MANAGEMENT SYSTEM:
- Developed a College Transport Management System using React.js, Node.js, Python, and MySQL.
- Built an AI-based bus prediction and allocation model using student, route, and historical transport data.
- Integrated REST APIs to automate bus recommendations, streamline transport planning, and reduce manual effort.

LOCAL BUSINESS MARKETPLACE:
- Developed a platform connecting **local businesses with customers** for product/service discovery and bookings.
- Implemented business registration, location management, slot booking, and **admin verification**.
- Built using **React.js, Node.js, Express.js, SQL, HTML, CSS, and JavaScript**.
